USF2000 NATIONAL CHAMPIONSHIP  
NOTES AND QUOTES, POST-RACE  
NEW JERSEY MOTORSPORTS PARK**

**SAGE KARAM, #8 TEAM COMFORT REVOLUTION CAR**

- Won the first USF2000 National Championship race of the weekend

"We started out the day pretty quick in qualifying, so that helped set the momentum for the day. I'm so happy we were able to get a win today in front of my family, friends and supporters. The Comfort Revolution team worked hard the past couple of days, and I'm glad it paid off. Now we're just looking toward tomorrow's race to help keep Andretti Autosport high up in the championship points lead."

**ZACH VEACH, #7 TEAM ADS CAR**

- Finished Saturday's race in 4th place

"Though we finished in fourth, I really had a blast out there today. We were just really fighting the car in qualifying. Our engineers worked really hard to improve the car. At the start of the race, the car developed some oversteer where the car was trying to slide out from under me. We had a disadvantage but we managed to hold our spot. We've got some ideas for improving the #7 ADS car for Sunday's race. I'm really looking forward to seeing what we can do tomorrow."
