

### ZSports Midwest Welcomes David Cheng to its Lineup

Sammamish, WA native continues his 2-liter career at upcoming USF2000 National Series Powered by Mazda double header at Elkhart Lake

MINNEAPOLIS, MN (16 August 2010) – Formula Car standout David Cheng will join ZSports Midwest for this weekend's USF2000 National Series double-header at Road America. Cheng joins the team after having raised eyebrows with his performance at Mazda Raceway Laguna Seca in May where he finished on the podium in class in both races.

"I really enjoyed racing with USF2000 and it was a great weekend for us" says Cheng, "I've had many laps around Laguna and it paid off with setting the qualifying and race track records to get both poles, both fastest laps and two 3rd place podium finishes. Since then we have had the interest of racing in the USF2000 series. I am very excited to have this opportunity to race with a top team like ZSports Midwest, as it was put together on a pretty short notice, I have to thank my previous instructor Rob Slonaker who made this deal happen and will be working with us and coaching us this weekend."

David started his career autocrossing and running RotaxMax karts. In 2008 he finished 7<sup>th</sup> in the Skip Barber Western Regional Series. He backed this up with both 5<sup>th</sup> place in the Skip Barber Eastern Regional Series while grabbing Pacific 2000 Rookie of the Year honors in 2009. He currently stands 4<sup>th</sup> in the 2010 Pacific 2000 Series.

"We're fortunate to have David teaming up with Scott Anderson and ZSports Midwest at Road America," stated Team co-owner Ron Boltik. "They've raced each other hard in the past – now we'll have the ability to compare data and video to get the most out of their abilities at our home track. I too would like to thank Rob Slonaker and we look forward to working with him and David this weekend."
